APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit to change the place of use of the waters of Dry or Matley Creek as heretofore granted under Permit No. 11825, is issued subject to the terms and conditions imposed in said Permit No. 11825 and with the understanding that no other rights on the source will be affected by the change proposed herein. A substantial headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water under this proposed change at any and all times.

The amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not to exceed 2,000 acre-feet per annum with a maximum yearly duty of 4.0 acre-feet per acre irrigated.

Actual construction work shall begin on or before December 1, 1959

Proof of commencement of work shall be filed before January 1, 1960

Work must be prosecuted with reasonable diligence and be completed on or before December 1, 1960.

Proof of completion of work shall be filed on or before January 1, 1961

Application of water to beneficial use shall be made on or before December 1, 1963.

Proof of the application of water to beneficial use shall be filed on or before January 1, 1964.

Map in support of proof of beneficial use shall be filed on or before

January 1, 1964
